

Peel Me a Nanner

A & S - 122

Called by Donnie DeVore

(Sides Face - Grand Square)
There I stood with all of my innocence
Loving her with all of my might
Come to find I didn't have any sense
She had a different darlin' every night
Circle... Peel me a nanner, toss me a peanut
Left allemande, Swing and promenade
Peel me a nanner, toss me a peanut
I'll come swinging from a coconut tree
(She sure made a monkey out of me!)

Figure
Heads (sides) promenade travel half way around the ring
Walk into the middle and square thru four hands go
All the way and then a right and left through
Veer to the left and ferris wheel into the middle and go
Centers square thru three, to the corner lady swing
Swing that lady round and promenade the ring
Peel me a nanner toss me a peanut
I'll come swinging from a coconut tree
(Somebody made a monkey out of me!)

Additional Lyrics:

*I gave her kisses and I gave her lovin'
Tried to please her every little whim.
All turned out to be a big fat nothing
She up and ran away with him.

**Now that they have gone and left me
I might as well forget about them
Just as well stay in the jungle
And just swing from a coconut tree.
