

I'll Leave This World Loving You

GRD-1002

CALLED BY Tim Carman

OPENER - MIDDLE BREAK - CLOSER

Sides face, grand square

*Walk away, leave with my blessings

Once in a while let me hear from you

Circle left

And if we ever meet again

Allemande left and promenade her

I'll leave this world lovin' you

ALTERNATE LYRICS

*You can take everything but my memories

Lord they're good ones, and they'll see me through

FIGURE

Heads (sides) square thru count me 4 hands round that ring you go now

Do a dosado now

Swing thru and then, boys run around the girl

Bend the line and right & left thru

You pass the ocean here, boys cross fold

Swing her and promenade

And I'll leave this world lovin' you

CLOSER

Heads face grand square

You were mine for all time, and I'm thankful

Oh, but life will be so lonesome without you

Circle left

And if we never meet again this side of heaven

Allemande left, promenade

I'll leave this world lovin' you
