JRR-105

OPENER

Circle left
She leaves home at 8, a little bit late
A little bit tired of it all
Do an allemande left with the corner
Come back a dosado
Left allemande left that corner weave the ring
You wind it in and out, around the ring you go
Swing that girl and promenade
And there bright and early Monday morning secretary
You sure do look pretty today

FIGURE

Those heads (sides) square thru
4 hands around you do
Around the corner lady dosado
You touch 1/4 and then, walk & dodge my friend
Do a partner trade and then a right & left thru
You flutterwheel across and then slide thru
Swing that corner girl and promenade
And there bright and early Monday morning secretary
You sure do look pretty today

MIDDLE BREAK

Circle left
She opens up the door and does so much more
Than what she gets credit for
Do an allemande left with the corner
Come back a dosado
Left allemande left that corner weave the ring
You wind it in and out, around the ring you go
Swing that girl and promenade
And there bright and early Monday morning secretary
You sure do look pretty today

CLOSER

At 10 there's a break, she don't always take
Just time for a powder and Coke
Do an allemande left with the corner
Come back a dosado
Left allemande left that corner weave the ring
You wind it in and out around the ring you go
Swing that girl and promenade
And there bright and early Monday morning secretary
You sure do look pretty today
