#### Circle left

He's an old hippie and he don't know what to do  
Should he hang onto the past or grab onto the new?  
Left allemande your corner girl and do a dosado  
Left allemande that corner girl  
And weave the ring you go  
He's an old hippie, this life is just a bust  
Swing this girl around and promenade for us  
He's an old hippie and he don't know what to do  
He ain't trying to change nobody  
He's trying to adjust

#### FIGURE

Head couples square thru  
Four hands around the ring you go, do a dosado  
Veer to the left, couples circulate and go  
Ferris wheel, zoom  
Double pass thru, leaders partner trade  
Swing that corner girl and all promenade  
He likes country music cause disco left him cold
