Baby if you're good to go we'll go down to Mexico
And get a place in Cabo, kick back in the sand
Allemande left that corner girl, turn that partner by the right
Left allemande now weave around the ring
I got two tickets for, won't be no second thoughts
Swing your girl, now promenade the land
You promenade you go walking around the ring
Tomorrow we'll be dancing to a Mariachi band now

FIGURE

Heads square thru you know, four hands around you go
All the way around now and do the right and left thru
Veer to the left and go, ferris wheel around you know
In the middle pass thru, and you touch 1/4 there
Scoot back go boy, scoot back go girl now
Swing that corner now and you promenade you know
We'll find that little man, who owns that taco stand
We'll be drinkin' Margaritas while we're workin' on our tan
