**Back To Back  
RAIN-1001**

**OPENER - CLOSER**

Circle Left

We should be happy, just the way we are  
Got a brand new house with a circle drive and a fancy car  
Walk around your Corner, See-Saw your Own  
Left Allemande and Weave the Ring  
You look at your wall, I stare at mine  
Swing that girl and Promenade in time  
But furs and diamonds, and a Cadillac  
Don't mean a thing when you're sleeping back to back

**FIGURE**

Heads you Promenade Halfway and go  
Lead to the Right, Circle 4, Make a Line  
Fwd Up & Back, a Right & Left Thru  
Turn then girls and Square Thru to 4  
You look at your wall, I stare at mine  
Swing that girl and Promenade in time  
We don't talk things over, we ignore the facts  
Our love can't live when it's sleeping back to back

**MIDDLE BREAK**

Circle Left

When we fell in love, we didn't have a dime  
We spent our nights making love, not marking time  
Walk around your Corner, See-Saw your Own  
Left Allemande and Weave the Ring  
You look at your wall, I stare at mine  
Swing that girl and Promenade in time  
I'd trade this mansion for a run down shack  
Our love can't live when it's sleeping back to back

**TAG**

Swing her, Our love can't live when it's sleeping back to back
