Called by

### Opener: Joe

#### Sides Face Grand Square

Girl, what were you thinking all that smilin' and a winkin'  
I know what you did last night  
Twirling cross the floor like I've never seen before  
I know what you did last night (Allemande & Weave)  
Making quite a scene in your cowboy boots  
Believe me it was quite a sight  
I could get in trouble hanging out with you  
I know what you did last night

### Middle Break: Kristy

#### Sides Face Grand Square

Boy you otta know you got nothing on me  
I know what you did last night  
Strtting your stuff for all the girls to see  
I know what you did last night (Allemande Left & Weave)  
That was you at the bar with a cuban cigar  
You almost got in a big fight  
Boy you ought to be ashamed of yourself  
I know what you did last night

### Closer – Joe & Kristy

#### Sides Face Grand Square

Girl what were you thinking all that smilin' and a winkin' (Joe)  
I know what you did last night  
Don't be acting naive, you were crazier than me  
I know what you did last night (Allemande Left & Weave) (Kristy)  
Must have been three sheets to the wind  
Lit up like a neon light (Joe)  
I don't think I should hang out with you  
I know what you did last night (Kristy)
