

Sick, Sober and Sorry

SE-113

Called by Joe Goins & Greg Hatmaker

OPENER - MIDDLE BREAK

Circle left

*Well, we met with some gals in a tavern

* And oh what a beautiful dream

You walk around your corner

then see saw your own

You do a left allemande and then you weave

** Well, we had three or four, then we had several more

That's when we went off our beam

We're sick, sober and sorry

But, look at the fun we had

ALTERNATE LYRICS

*The jukebox so loudly was playing

*Each couple was having a ball

**Of all them gals, their sweethearts and pals

Bet we were the sickest of all

FIGURE

Heads (Sides) promenade you go bout halfway

Now lead to the right and dosado

You Swing thru tonight now let the boys run right

Bend the line and do a right & left thru

Come on slide thru then square thru go 3 now

Swing a little corner girl and promenade

We're sick, sober and sorry

But look at the fun we had

CLOSER

Sides face grand square

Outside we were hailing a taxi

We got one this time without fail

It sported a star, we didn't go far

Was only three blocks to the jail

Allemande and weave

We're sick, sober and sorry

Broke disgusted and sad

We're sick, sober and sorry

But look at the fun we had
