

Until The Money's Gone

SE-116

Called by Joe Goins

OPENER - MIDDLE BREAK - CLOSER

Circle left

*I'm fond of you honey, but I really love your money
I'm trying to be honest to the bone
Hey walk around your corner lady, seesaw your own sweet baby
Allemande left with the corner, weave the ring
Till the money's gone away I'll be faithful till that day
Swing that girl and promenade
I'll tell you just the way it is, it's just the way I say it is
I'll love you until the money's gone

ALTERNATE LYRICS

*You're beautiful and witty and baby, it's a pity
You have to live in that luxury all alone

**I'll help you spend it baby, you know I don't mean maybe
You'll never have to get by on your own

FIGURE PI

Head (side) two couples promenade 1/2 way round the ring you go
Come down the middle and pass the ocean there, extend
Swing thru go 2 by 2, boys trade that's what you do
Girls fold and then peel off and bend your line
Square thru and go 3/4 round you know
Swing that girl and promenade
I'll tell you just the way it is, it's just the way I say it is
I'll love you until the money's gone

TAG
