Sides/Heads, Grand Square

Don't you call my name, 'cause I wont answer
Don't you call my name, 'cause I wont be there
You cheated on me for your last time
Don't you call my name, little girl
allemande left and weave the ring
You ran around, you had your good times
Swing that girl and you promenade
You cheated on me for your last time
Don't you call my name, little girl 'cause I don't care

FIGURE

Well now those heads square thru in the middle and you get 4 hands you do
Find that corner lady there dosado
And now you swing thru tonight
And the boy run to the right
You're gonna bend that line and do the right and left thru
Why don't you flutterwheel across, you'll slide thru and then
Swing a little corner lady 'round and you promenade
You cheated on me for your last time
Don't you call my name, little girl 'cause I don't care
