

## **I Can't Stop My Heart From Loving You**

VR-1107

**CALLED BY  
Joe Arnold**

### **OPENER & CLOSER:**

Circle Left

Lady Lee, your love

Is a cold, cold rain

Come down on me, always the same

Men Star Right – One time around

Allemande your Corner & Weave the Town

Can't stop my heart

From loving you

Swing your girl & Promenade you do (Though you treat me badly and make me blue)

I try and try – I really do

I just can't stop my heart from lovin' you.

### **FIGURE:**

Heads Square Thru

4 Hands you go

Dosado, one time you know

Swing Thru and then

Boys Run Right

Half Tag, Scoot Back one time tonight

Boys Run Right, Slide Thru

Swing Your Girl, Promenade you do

I try and try ... I really do

I just can't stop my heart from lovin' you

(Every Day ... is a cloudy sky

I just can't find a way to say goodbye)

### **MIDDLE BREAK:**

Sides Face, Grand Square

I tell myself ... I'm a-gonna go

Pull out my bag, pack up my clothes

I write a note ... that says we're through

But I always end up tearing it in two

Allemande & Weave

Can't stop my heart from loving you

Though you treat me badly and make me blue

I try and try I really do

I just can't stop my heart from loving you

**TAG:** I just can't stop my heart from lovin' you
