Original Album: White Trash With Money (2006)

Guess it slipped my mind  
Now I'm in trouble deep  
See the last two years in a row I forgot  
Our anniversary  
So I come Rushin' in  
Twelve roses in bloom  
Said honey would you like a romantic evening  
Out under the stars and the moon

She didn't say no  
But in her eyes I could see  
That this wouldn't turn out to be  
The enchanted evening I thought it would be  
Yes I sure found out  
I got a long way to go  
She didn't say no  
She said hell no

Then we split the sheets  
About six months ago  
I told all my buddies down at the bar  
This cowboy's headed home  
Walked into her house  
Yeah climbed right up in her bed  
When I asked her if she still loved me  
Man you know what she said

Oh she didn't say no  
But in her eyes I could see  
Ah this wouldn't turn out to be  
The fairytale ending I thought it might be  
But I sure found out  
I got a long way to go  
She didn't say no  
She said hell no

Yeah I sure found out  
I got a long way to go  
She didn't say no  
She said hell no
