It's 11 o'clock and I'm jamming with the band

Down at my favorite spot

Boys star right one time tonight

Left allemande your corner lady and weave

I'll tell ya, been there, done that

A couple of times as a matter of fact

Promenade

You don't have to school me, I know where it's at

Been there, done that

Pass thru, separate and go around one

Make a line go up and back,

Now the center two right & left thru and rollaway

Everybody do the right & left thru then slide thru

Swing your corner lady, promenade two by two

You don't have to school me, I know where it's at

Been there, done that
