OPENER - MIDDLE BREAK - CLOSER

All four ladies chain across now
You turn and chain the ladies right back home
You join hands & circle to the left go walkin'
Allemande left that corner, weave the ring
I wouldn't take nothing for my journey now
Gotta make it to heaven somehow
Swing that girl and promenade
He's offered everything that's got a name
All the wealth I want and all the worldly fame
It's a cinch I wouldn't take nothing for my journey now

FIGURE

Heads square thru & count 'em four hands
Find the corner lady dosado
You swing thru & then, ladies fold my friend
Peel the top & do the right & left thru
Square thru & count 'em 3, 3 hands round the ring for me
Swing that girl and promenade

TAG
