Well time and time again I tried  
It's just when I get you off my mind  
Allemande Left and weave  
You come crawling on your knees  
Bawling, crying, begging please  
But I'm over you. So get over me

Swing Thru & then the boys boys run right  
Ferris wheel centers pass thru  
Swing thru, spin the top  
Boys move up slide thru, swing promenade  
Well I'm over you so get over me

Middle Break:

Circle left

Well your lying eyes have finally made me see  
That you and I were never meant to be  
Allemande left & weave  
Lately I've been getting smart  
You know your never gonna break my heart  
Well I'm over you so get over me

Closer:

Circle left

Well I know you and I have been thru a lot  
(Oh baby we have)  
But you and I have just got to stop  
Allemande left & weave  
Well I'm tired of this misery  
And wanna be single & free  
I'm over you so get over me
