**Wooden Horses**

**CALLED BY**

**Tac Ozaki**

**OPENER - CLOSER**

Sides face, grand square  
Our love jumped on the back of a wooden horse that didn't take us far  
And like two fools we were dreaming that our love would reach a star  
Circle left  
But time has ways of showing us how foolish we are  
Allemande and promenade  
And wooden horses don't take you very far

**FIGURE**

Heads square thru 4 hands, dosado her  
Swing thru, boys run, bend the line  
Right & left thru, turn your girl  
Flutter wheel and then  
Slide thru, swing the corner, promenade  
And wooden horses don't take you very far

**MIDDLE BREAK**

Sides face, grand square  
We built our dreams around a fancy paper castle in the sky  
And like two fools we were dreaming that our love would never die  
Circle left  
Then the storms came and the winds that blew it down  
Allemande, promenade  
Our paper castle came tumbling to the ground
