## OPENER - MIDDLE BREAK - CLOSER

Circle left

Lately your love, is a cold cold rain  
Coming down on me, always the same  
Left allemande, turn partner right  
Left allemande and weave around tonight  
Can't stop my heart, from loving you  
Swing her around, promenade her too  
I try and try, I really do  
But I just can't stop my heart from loving you

## FIGURE

Heads square thru four hands around  
Dosado that corner lady once around  
You swing thru, you spin the top  
Boys move up, go right & left thru, turn the girl  
Square thru 3/4 round  
That corner lady swing, promenade on down  
I try and try, I really do  
But I just can't stop my heart from loving you

## ALTERNATE LYRICS

I tell myself, I'm gonna go  
Pull out my bag, pack up my clothes

## TAG

Swing her  
But I just can't stop my heart from loving you
