OPENER - MIDDLE BREAK - CLOSER

4 ladies promenade one time around I said
You get back home and swing there with your man now
Join up hands, and circle left gonna move around that set
Allemande left and weave around that ring go
Making a living is killing me
Swing that girl and promenade you see
It's takes all my time to make a dime
Still it won't buy me peace of mind
Making a living is killing me

FIGURE

Head (side) couples promenade all the way around I said
Side couples square thru go 4 now
4 hands around and then do a dosado my friend
Make an ocean wave, and then you're gonna swing thru
Those boys run to the right, bend your line
Go right and left thru, ladies lead dixie style
Boys turn back, and promenade
It's takes all my time to make a dime
Still it won't buy me peace of mind
Making a living is killing me
