Four ladies chain across I say  
You rollaway circle left that way  
Four ladies rollaway and go  
Left allemande, weave that ring now  
Our dreams have magic you know  
Dosado, promenade and go  
Our, our day will come

### **FIGURE**

Head (side) couples promenade it's half  
Come down the middle square thru four hands  
Go all the way and a right & left thru  
Slide thru, square thru four more  
Four hands around, trade by and  
Swing that corner lady around  
You promenade that ring  
Our, our day will come
