OPENER - CLOSER

Circle left

You can deck me out in diamonds, you can teach me city ways

You can drive in your new Mercedes Benz

Walk all around that corner lady, see saw go round your baby

Do a left allemande, gonna weave that ring

'Cause I cut my teeth on good ol' Western swing

Dosado that girl and promenade

(I love a sentimental melody)

*Come on rosin up the strings, honey let those fiddles sing

'Cause you can't take the Texas out of me

FIGURE

Head (side) couples lead to the right, do right & left thru

veer to the left, couples circulate

Bend your line, touch a quarter, coordinate

When you get there now, tag the line all the way through, face right

Tag the line one more time, boys turn back

Swing that corner lady and promenade

*I can feel that prairie moon from this New York hotel room

And you can't take the Texas out of me

MIDDLE BREAK

Sides face grand square

Yeee hi!

Four ladies promenade around the ring

You're gonna get back and swing

Left allemande, promenade that ring

*I can feel that prairie moon from this New York hotel room

And you can't take the Texas out of me

TAG

Allemande left the corner girl, dosado around your own

Bow to the partner, corner too

That's it, we're through!
