The days getting longer and the pay's kinda short.

Somebody's got to pay the bills.

Slip the clutch, allemande left,

swing and promenade

Someone's gotta do it, And I guess I'm the one.

I better get on movin' there's a lot to be done.

Close: Circle left

Well, my little woman never gets anything.

Doesn't go many places, but she never complains.

Walk all around that corner, come back a Do Paso

Partner left, corner right, partner left to an allemande thar

Somebody's got to pay the bills.

Slip the clutch, allemande left,

swing and promenade

She is Always Sharing, all the load that she can.

She's happy being married to a law enforcing man.

*Alarm clocks a-ringing, gotta rise and shine
I could sleep for a week but I ain't got time
Moonshiners work until the breaking of dawn
When the sun comes up their gonna be long gone

Somebody's got to pay the bills
Somebody's gotta pull the load
I'm the Sheriff of the county and I knew when I ran
Life ain't easy for on a enforcing man

Some folks call me a fool of a sort
The days getting longer and the pay's kinda short
Someone's gotta do it, And I guess I'm the one
I better get movin' there's a lot to be done

Somebody's gotta pay the bills
Somebody's gotta pull the load
I'm the Sheriff of the county and I knew when I ran
Life ain't easy on a law enforcing man

Well, my little woman never gets anything
Never goes many places, but she never complains.
Always Sharing all the load that she can
She's happy being married to a law enforcing man.

Somebody's got to pay the bills
Somebody's gotta pull the load
I'm the Sheriff of the county and I knew when I ran
