

There You Go

CBC-35

Called by

OPENER

Circle Left

Well here I am and there you go, you're gone again
I know you're gonna be the way you've always been
Allemande Left your corner, Turn your Partner by the Right
Allemande Left your Corner, Weave around that Ring
There you go, you're gone again
Swing your Partner and Promenade
There you go, you're by his side
You're gonna break another heart, you're gonna tell another lie

FIGURE

Heads/Sides Square Thru four hands around the ring you know
When you meet the outside two, do the Right And Left Thru and then
Veer to the Left, Couples Circulate my friend
Chain Down The Line, move it up to the middle and back
Star Thru, Pass Thru, Trade By
Swing your Corner and Promenade
*Breaking hearts and telling lies is all you know
*Another guy gives you the eye and there you go
Alt Lyrics
**You build me up and for a while I'm all a-glow
**Then your fickle heart sees someone else and there you go

BREAK

Circle Left

Because I love you so I take much more than I should take
I want you even though I know my heart is gonna break
Allemande Left your corner, Turn your Partner by the Right
Allemande Left your Corner, Weave around that Ring
There you go, you're gone again
I should have known, I couldn't win
There you go, you're by his side
You're gonna break another heart, you're gonna tell another lie

CLOSER

Four boys Promenade and well, there he goes
Back home and Swing that girl
Circle to the Left, go walking along
Left Allemande the Corner, Weave around The Ring
There you go, you're gone again
I should have known, I couldn't win
There you go, you're by his side
You're gonna tell another lie, you're gonna break another heart
