*Well, I walked up to that window

I said give me a ticket please

She said where to mister and I said

That's alright with me

Allemande left that corner, well do a little dosado

Allemande left that corner girl and weave the ring

Well, I'm restless...

I've gotta get out of this town

Swing your girl and promenade

Take me where the living's easy

That's where I'll be found

FIGURE

Heads (sides) square thru in the middle & get all 4 you know

Well, meet the side pair, swing thru & don't you know

Boys run right around that girl, do a couples circulate

Now chain down the line, turn that girl, you don't be late

Pass the ocean, all 8 circulate

Swing that corner, then you promenade

Take me where the living's easy

That's where I'll be found

LYRICS (ALTERNATE)

*Honey tell that driver

Put his big foot on the gas

Make that gray dog run

Just as long as it will last

OPENER (ALTERNATE)

4 boys promenade get walking around you go

Well, get back home & swing your girl around & 'round we go

Join hands, circle to the left around in time

Allemande left that corner girl and weave the ring

Well, I'm restless...

I've gotta get out of this town

Swing your girl and promenade

Take me where the living's easy

That's where I'll be found
