

Summertime Dream

Called by
Beryl Main

OPENER - MIDDLE BREAK - CLOSER

Walk around your corner
See saw your own
Join hands, circle, go walking round
Men star right, go once around in time
Left allemande, weave on down the line
Birds of all creation are twittering in the trees
Do a dosado and then you promenade around the ring
Promenade your honey and you know just what I mean
You take her right back home
And she's your summertime dream

FIGURE

Heads (sides) promenade go 1/2 way round the floor
Come down the middle and square thru
Be sure to count to 4
4 hands around & do the right & left thru you know
Slide thru and square thru 4 hands you go
4 hands around and you trade by and swing
Swing that corner girl and you promenade around the ring
You take her right back home again
Cause she's your summertime dream

TAG

You swing at home awhile
With your summertime dream
