** Red sun a'rising over the hill,
I've had enough of this desert to last from now until
Men star right, one time around and then
Left Allemande, gonna Weave that Ring
I'm gonna climb that mountain high
Turn Thru, Allmenade Left and you Promenade
I'm gonna kiss this town goodbye
I'm gonna climb that mountain

** How I arrived here, heaven only knows
Seems more like the kind of place the Devil would have chose
