Four ladies chain straight across the ring
Turn and chain those ladies right on home
Join hands and circle to the left go movin round
Allemande left and weave around the ring
That our first night together is going to last forever
Dosado and then you promenade
And time won't be stealing that old first time feeling
You'll always be new to me

Walk into the middle and touch 1/4 then

Tag the line, girls go left, boys go right & corner swing
Left allemande come back and promenade
And time won't be stealing that old first time feeling
