Rub It In

GMP-1009

Called by
Lone Blume

OPENER - CLOSER

Circle left

Lay beside me in the sand, put some lotion in your hand

Left allemande the corner girl, dosado round your own

Left allemande and weave the ring

Rub it in, rub it in

You swing and promenade her

I feel the tingle begin, you're getting under my skin

Rub it in, rub it in

FIGURE

Heads square thru four hands around for me

Dosado that corner lady

Slide thru and then you pass thru, tag the line

The leaders U-turn back and a wrong way grand

Rub it in, rub it in

You swing and promenade her

I feel the tingle begin, you're getting under my skin

Rub it in, rub it in

MIDDLE BREAK

Sides face grand square

Put a little on my nose, put a little on my toes

You can put it on my back and my sacroiliac

And a dab on my chinny, chin chin

Four ladies chain the ring

You chain her right back home and all promenade

I feel the tingle begin, you're getting under my skin

Rub it in, rub it in
