

## If You Came Back From Heaven

GMP-1013

Called by  
Lone Blume

### OPENER

Sides face, grand square

\*I wouldn't know what to say, I wouldn't know what to do

If you came back from heaven, and I could look at you

Allemande and weave

If you came back from heaven it would freeze me in my tracks

And I hope God knows if he let you go, I'd never send you back

### FIGURE

The heads square thru and go 4 now

Dosado that corner girl

You swing thru and then single hinge

Boys run, go right & left thru

Dixie style, make a wave, you balance awhile

Boys u-turn back and promenade

And I hope God knows if he let you go, I'd never send you back
