

What I Meant To Say

GMP-204

OPENER - MIDDLE BREAK - CLOSER

Circle left

Last night I told a lie when I told you I could say goodbye

Left allemande and now you dosado

Left allemande and now you weave the ring

What I should have said is "I love you"

What I didn't say is "I need you"

What I meant to say is what I didn't say at all

FIGURE

Four ladies chain and go straight across that ring

Heads promenade and take her halfway I sing

Walk in square thru it's 4 hands you know

Swing thru and then the boys run

You do a 1/2 tag here, scoot back

Swing that corner, promenade her

What I meant to say is what I didn't say at all
