

Blue Highway

GMP-402

Called by John Jones & Wayne Baldwin

OPENER - MIDDLE BREAK - CLOSER

Circle left

So long big city, it's time to say goodbye

I'm longing for those country roads, I need to see the sky

Walk around your corner, see saw round your own

Allemande left that corner girl and weave the ring you roam

Gonna take that blue highway, leave this town behind

Swing and whirl a country girl and promenade so fine

I've had it up to here with worry, from now on I'm in no hurry

Rollin' down that blue highway

FIGURE

Heads promenade and travel halfway round the square

Down the middle with a right & left thru, turn that lady there

Flutter wheel across the floor and sweep 1/4 more

Pass thru and a right & left thru, turn the girl once more

Veer to the left and then, wheel & deal my friend

Swing and whirl the corner girl and promenade again

I won't take the interstate that represents the things I hate

I'm rollin' down that blue highway
