

Act Naturally

GMP-901

Called by

Tony Oxendine & Jerry Story

OPENER

All 4 ladies promenade the inside
Get back, swing & whirl your man
Join all of your hands, circle to the left & then
Allemande left on the corner & weave the ring
They're gonna put me in the movies
Swing the little girl and promenade
They'll make a film about a man who's sad & lonely
And all I gotta do is act naturally

FIGURE

Head (side) couples square thru, go 4 now
To the outside pair and do a right & left thru
Swing thru in the middle of the night, boys run right
1/2 tag, follow your neighbor and spread
Explode the wave and then, chase right
Swing your corner and promenade
I'll bet you I'm gonna be a big star
'Cause I can play the part so well
