Circle left

Yesterday's songs, don't stay around long

Not much anymore

Left allemande the corner, do a dosado your own

Left allemande, weave that ring

Baby, yesterday's blues may be yesterday's news

But the truth always stays the same

And the good things will never change

Like saying I love you

FIGURE

Heads square thru and take 'em 4 hands you do

And do the right & left thru

Swing thru there mate, all 8 circulate, spin the top

All square thru 3/4 round you do

Swing the corner girl and promenade

And the good things will never change

Like saying I love you

ALTERNATE LYRICS

Baby, yesterday's rhymes are for yesterday's times

And the future's not ours to see

But the good things will always be
