### OPENER - MIDDLE BREAK - CLOSER

Circle left

\*I know a place called Good Time Charlie's  
A little four piece band swingin' out of sight  
Men star right and you roll it one time  
Allemande left that corner, weave the ring  
Two miles from town cross the railroad track  
Turn right at the light  
Swing and promenade round the back  
You're always welcome, don't forget to drop in  
Oh, Good Time Charlie's, any time you can

### FIGURE

Heads promenade halfway round the ring now  
Walk in and pass the ocean, come on now extend  
Those girls trade, girls run, tag the line all the way through, face right  
You ferris wheel and you move it round  
Centers pass thru and touch 1/4, scoot back come on boys  
Swing that corner lady round and promenade  
Wall to wall dancers and lots of good time cheer  
Anything you're after, you can find it here
