OPENER

Sides face, grand square

Hey, just about a year ago, I set out on the road

Seeking my fame and fortune, aw, looking for a pot of gold

4 girls promenade

Things got bad you know and things got worse

Swing her, you promenade you know the tune

Oh Lord, stuck in Lodi again

FIGURE

Heads promenade halfway,

walk in square thru 4 hands I say

All the way around and then, come on swing thru my friend

Spin the top, boy move up, go right & left thru

You pass the ocean there, all 8 circulate

Swing that corner girl and promenade my friend

Oh Lord, stuck in Lodi again
