OPENER

Circle left

When the road I walk seems all up hill
And the colors in my rainbow turn blue
The men star right one time tonight
Allemande left your corner, weave the ring
Funny face I love you, funny face I need you
Swing with your girl then you all promenade
Funny face, don't leave me, funny face believe me
My whole world's wrapped up in you

FIGURE

Heads square thru get me 4 hands around
Dosado the corner lady there you found
Swing thru tonight, let the boys run right
Bend the line and do the right & left thru
Flutter wheel all around there, slide thru
Swing that corner girl and promenade her too
Funny face, don't leave me, funny face believe me
My whole world's wrapped up in you
