

If Tomorrow Never Comes

GMP-948

Called by Jerry Story

OPENER - MIDDLE BREAK - CLOSER

Circle left

If tomorrow never comes

Will she know how much I've loved her?

Left allemande you know, partner dosado

Left allemande and weave

If my time on earth is through

And she must face this world without me

The love I gave her in the past, will it be enough to last

If tomorrow never comes

FIGURE

Heads will promenade halfway, square thru 4 I say

Go all the way and then, do the right & left thru my friend

Veer left and circulate, chain down the line

Roll her away, keep rollin', you take her by the hand and promenade her

The love I gave her in the past, will it be enough to last

If tomorrow never comes
