

Desert Rose

Called By Don Wood

MAR-520

OPENER

Sides face, grand square
I see the night that she's alone
And I keep thinking back to home
I got this feeling, I know that it shows
I love my sweet desert Rose
Four ladies chain across that ring
You turn and chain her right back home, promenade
She picks me up when I'm feeling so low
I love my sweet desert Rose

FIGURE

1 & 3 square thru it's 4, find that corner dosado
Swing thru and then boys run right
Tag your line and all cloverleaf
Girls square thru 3 hands for me
Swing with that corner and you promenade you see
This loneliness, well it comes and it goes
I miss my sweet desert Rose

MIDDLE BREAK

Four ladies promenade the ring
Well come on home, swing with your man and then
Join all of your hands and circle that ring
Left allemande and weave
Shines like a star in the sky
Swing with your girl and you promenade tonight
She picks me up when I'm feeling so low
I love my sweet desert Rose

CLOSER

Sides face, grand square
Shines like a star in the sky
A breath of life in a well gone dry
This loneliness, it comes and it goes
I miss my sweet desert Rose
Four boys promenade that ring
Come on back you swing and promenade that ring
I got this feeling I know that it shows
I miss my sweet desert Rose
