

Country Morning

Called By Tommy Wells

MAR-529

OPENER - CLOSER

Circle

There's a shadow across the moon tonight
There's a soft rain falling slow
Do an allemande left & then do a dosado my friend
Left allemande & weave the ring
There's a lady back home awaiting
Swing your lady and promenade
And when the sun comes up tomorrow morning
Carolina is where I'll be

FIGURE

The heads (sides) square thru get 4 hands you go
Dosado the outside pair
You swing thru & then, gonna spin the top
Right & left thru and turn 'em there
Flutter wheel across and you sweep 1/4 more
Swing the lady there and promenade
And when the sun comes up tomorrow morning
Carolina is where I'll be

MIDDLE BREAK

Circle left

That Carolina country morning
Each day is better than the day before
Allemande your corner, dosado your own
Left allemande and weave the ring
That Carolina country morning
Swing and promenade
Good morning sunshine, memories & good times
Carolina, I'm a-knocking at your door

TAG

Carolina, I'm knocking at your door
