ESP 1111

Caller Elmer Sheffield Jr.

OPENER - MIDDLE BREAK

Well four little ladies chain, you turn that girl
Rollaway and circle round the world
You rollaway and circle left
Left allemande, then weave the ring
Ain't no thing, ain't no thing
You say you're leaving like a long freight train
Ain't like I never been here before
I'm just here again

FIGURE

Well the heads (sides) square thru four hands you go
Round the corner lady dosado
Swing thru and then, you're gonna swing thru again
Girls, you run and then you tag the line
Men, you zoom the girls turn back
Star thru and then wrong way promenade
And if I ever cry at all
That will be a crying shame

TAG

Swing her
You know the sky ain't gonna fall
Girl you know that ain't no thing
