

Sweet Sweet Smile

ESP 1164

Caller Elmer Sheffield Jr.

OPENER - MIDDLE BREAK - CLOSER

Well the four little ladies gonna chain that ring
Turn little girl and hear me sing
Roll her away and circle left
You roll that girl a half sashay
Circle to the left while you're that way
Allemande the corner and you weave the ring
*You're always in my heart, early the morning till it's dark
Meet a little girl and you promenade
I got to know that you love me, know that you need me
I gotta see your sweet smile every day

ALTERNATE LYRICS

*When I wake up in the morning
And I see you there

*I gotta feel your arms around me
Know that you need me

FIGURE

Head two couples gonna promenade halfway round he said
Walk to the middle and pass the ocean there
Extend, swing thru, boys trade and boys run right
You bend the line, star thru, reverse the flutter
Veer to the right and you promenade
I gotta know that you love me
Know that you need me
Gotta see that sweet smile every day

TAG
