OPENER - MIDDLE BREAK - CLOSER

Circle left

*I'm from the country, you're from the city
I drive a truck, you think that's silly
Why the men star right and you roll it once around
You do an allemande the corner lady and weave around
And I say "Hey, I, want you girl"
You make my heart strings flutter like a tilt-a-whirl
I might have grown up in a barn
But I can still bring down the house

ALTERNATE LYRICS

*I got my money, in my pocket
A girl beside me, a little bottle rocket

*I'm wearing camo, I'm lovin' this
The party's raging, you don't wanna miss

FIGURE

Heads (sides) promenade you go halfway around now
Walk in and pass the ocean then, extend
Swing thru, the boy will trade
Boy run right, bend the line, now pass thru he said
Chase right, swing the corner around
You promenade the lady around that old town
And when I hear that rumbling sound
I'm bringing down the house

TAG

And when I hear that rumbling sound
I'm bringing down the house
