

SUNSHINE IN THE RAIN

ESP 1169

Caller

Elmer Sheffield Jr.

Circle Left:

When I'm in Berlin, you're off to London
When I'm in New York, you're doing Rome.
Left allemande, turn your partner by the right,
left allemande and weave
All those crazy nights we spent together
as voices on the phone.
Sunshine in the rain, love is still the same
Sunshine in the rain

Figure:

Heads promenade go halfway
Heads pass the ocean, Extend
Swing thru and spread
Chain down the line
pass the ocean
Swing thru
Boys trade, girls turn back and promenade
Sunshine in the rain, love is still the same
Sunshine in the rain

Break

Sides face grand square:

Can you feel the raindrops in the desert
Have you seen the sun rays in the dark
Do you feel my love when I'm not present
Standing by your side while we're apart
4 ladies chain across that ring, chain her back, take hand and promenade
Sunshine in the rain, love is still the same,
sunshine in the rain

Ending

Circle:

Wishing we could be more telepathic
Tired of all the nights I sleep alone
Left allemande, turn your partner by the right,
left allemande and weave
Wishing we could redirect the traffic
And we find ourselves a home
Sunshine in the rain, love is still the same,
sunshine in the rain
