

No Country Music For Old Men

ESP 1187

Caller Elmer Sheffield

OPENER

Sides face grand square
He remembers when Hank
Played the Opry as high as a kite
And Patsy Cline was out
Walking after midnight
Allemande and weave around the ring
He saw the torch being passed from Lefty over to Merle
Now there ain't no country music for old men

FIGURE

Heads square thru 4 hands around you know
Touch 1/4, scoot back, boys fold, girls extend
Girls swing thru, center girls trade
Girls step ahead and star thru
All promenade
Now there ain't no country music for old men

MIDDLE BREAK

Sides face grand square
He was sitting on a bar stool
The first time he heard Jolene
A song by the prettiest angel he'd ever seen
Allemande and weave around the ring
Now there's posers and losers and would be outlaws that only know how to pretend
But there ain't no country music for old men

FIGURE

Sides square thru 4 hands around you know
Touch 1/4, scoot back
Boys fold, girls extend
Girls swing thru, center girls trade
Girls step ahead and star thru
All promenade
Now there ain't no country music for old men

CLOSER

Sides face grand square
Now they call him nostalgic
With a permanent case of the blues
He just walks around wondering
Whose gonna fill their shoes
Allemande and weave that ring
Now all of the good ones have died or they've just packed in
There ain't no country music for old men
