

# Rolling Through The Sunshine

ESP 347

Caller Tom Miller

## OPENER - MIDDLE BREAK - CLOSER

Circle left

\*Lately I been working overtime, you've been taking a class at nine  
Men star by the right one time around tonight  
Allemande the corner and weave  
Go rolling through the sunshine, you right here by my side  
\*\*Swing your girl and then, promenade my friend  
Tom Petty on the radio, free fallin' as we go  
We can leave it all behind, go rolling through the sunshine

## ALTERNATE LYRICS

\*Grab your sunglasses, I'll grab my guitar  
Nearest beach can't be that far

\*I can see you in the sun  
Sippin' on that Coke and rum

\*\*Wind surfin in the wind, on a wave that never ends

## TAG

Come on, baby, let's take a ride!

## FIGURE

Heads (sides) square thru 4 hands  
Let's go find that corner, do a dosado  
Swing thru and then, boys run to the right  
Ferris wheel, pass thru, touch 1/4  
Scoot back and then  
Swing the corner and promenade  
Tom Petty on the radio, free fallin' as we go  
We can leave it all behind, go rolling through the sunshine
