

Joe's Place

ESP 349

Caller Tom Miller

OPENER

Sides face grand square
There's a place called Joe's, some of us go
When the hard workin' day is through
Through the neon smoke we laugh and tell jokes
And throw down a cold one or two
Allemande and weave
There's a jukebox full of records
By Willy, Haggard, and Jones
There's a picture of Elvis and old John Wayne
Hanging side by side on the wall

FIGURE

Heads (sides) square thru take it 4 hands around
Dosado that corner one
You touch 1/4, follow your neighbor and spread
Explode and go right & left thru and then
Slide thru, single circle, rear back and you swing
Swing that corner girl and you promenade
Old boys and bankers sittin' side by side
Down at Joe's Place

MIDDLE BREAK - CLOSER

Circle left
Down at Joe's Place
It's still the old way
The men star right
Left allemande and weave the ring
There's a jukebox full of records
By Willy, Haggard, and Jones
Down at Joe's Place
