Opener

Sides Face Grand Square

My transistor radio comes from far away,  
And when it's night over here over there it's a breakin' day,  
Allemande Left and Weave The Ring,  
I remember all the good times I had a walkin' in the sand,  
With the beautiful girl that I met made in Japan.

Figure

The heads you promenade, you travel  $\frac{1}{2}$  way around,  
Walk in and square thru,  
Go all the way and then, do the right & thru,  
Veer to the left, and Ferris wheel,  
You're gonna square thru and go well 3 hands around,  
Swing that corner, promenade  
All the love in my heart for the girl made in Japan

Break

Sides Face Grand Square

The beauty of her face was beyond my wildest dreams,  
Like cherry blossoms blooming in the mountain in the early spring,  
Allemande Left and Weave The Ring,  
As we walked by the river and she softly took hold of my hand,  
That's when I fell in love with the girl made in Japan

Closer

Sides Face Grand Square

In the dark of night we would lay on Tokyo Bay,  
And the singin' of the birds woke us up at the break of day,  
Allemande Left and Weave The Ring,  
She cried when she said she'd been promised to another man,  
That's when I left my heart with the girl made in Japan.
