

Valentine

GMP-1004

Called by
Lone Blume

OPENER - MIDDLE BREAK - CLOSER

Circle left

If there were no words, no way to speak
I would still hear you

4 boys star by the right, one time around
Do an allemande left and weave the ring
And even if the sun refused to shine
Even if romance ran out of rhyme
You're all I need my love, my Valentine

FIGURE

Heads (sides) square thru go 4 hands around
Dosado that corner lady you found
Swing thru tonight, the boys run right
You bend the line, go right and left thru tonight
Flutter wheel straight across that ring you go
Slide thru, swing & promenade that lady home
Cause all I need is you my Valentine
