

OH HONEY, OH BABE

SUN-2022

Called By
Tony Simmons
Harmony Vocal By
Sandy Simmons

Circle left

You're the sun that lights my day, oh honey
You're the one that shows the way, oh babe
Allemande left with the corner go, you come back a dosado
Left allemande and weave the ring now
Well I love you, oh yes I do
swing that girl then you promenade her
You're my smile, my favorite song, I just can't help but sing along
And the music just goes on and on, oh honey

FIGURE

Head couples square thru go four now
Get around that corner lady dosado
Touch a quarter, scoot back, single hinge
Those girls trade and then you recycle
You pass to the center, square thru go 3 hands
Swing on the corner lady, promenade
You're my smile, my favorite song, I just can't help but sing along
And the music just goes on and on, oh honey

MIDDLE BREAK

Circle left

You're the moon that fills my night, oh honey
I touch you and ev'rything's alright, oh babe
Allemande left with the corner go, you come back a dosado
Left allemande and weave the ring now
Well I love you, oh yes I do
Swing that girl then you promenade her
You're my smile, my favorite song, I just can't help but sing along
And the music just goes on and on, oh honey

CLOSER

Circle left

You're the sun that lights my day, oh honey (oh honey)
You're the one that shows the way, oh babe (oh babe)
Allemande left with the corner go, you come right back a dosado
Left allemande and weave the ring now
What you say is true (oh honey, I know it)
What you gonna do (well I'm a-gonna show it)
Swing that girl then you promenade her
You're my smile, my favorite song, I just can't help but sing along
And the music just goes on and on, oh honey

TAG

Swing her
And the music just goes on and on, oh honey
