

I Write The Songs

Called By
Ken Bower

OPENER - MIDDLE BREAK - CLOSER

Circle left

I've been alive forever

And I wrote the very first song

Left allemande then dosado your partner

The men star left once around

Turn your partner by the right hand there

Left allemande and promenade the square

I write the songs that make the whole world sing

I write the songs, I write the songs

FIGURE

Heads promenade go halfway

Side pair will do a dosado

Cross trail thru to swing that corner lady

Left allemande and weave the ring

Songs from me just for you

Dosado and promenade her too

I write the songs that make the whole world sing

I write the songs, I write the songs

TAG

I write the songs, I write the songs
